skit presented by Social Studies

The Social Studies Department has the annual responsibility of the program for the Thanksgiving Assembly and has presented a variety of programs over the years, the one last year being a tribute to the late President Kennedy and an introduction to President Johnson. During the last ten years the Department has introduced many new courses to the curriculum among which are Modern European History, Economics, International Relations, and the most recent, Social Studies Honors Course. The slow learner has also been aided by the development of Basic Courses in World History, American History, and United States Government. The Department is currently investigating new text books for these courses so as to keep up with improved curriculum.

Other achievements of the Social Studies Department relate to the improvements of teaching. A permanent record of teacher ratings of movies is being developed to aid in future movie selections. Field trips have been assigned to certain subjects and grade levels so as to best meet curriculum needs. Records of the location of maps, charts, and other visual aids in our school building are kept by the Department and are annually brought up to date. Teachers are encouraged to display the work of their students in the hall display cabinet and to exchange exhibits when necessary for curriculum enrichment. The Department has a new Committee for Visual and Teaching Aids which investigates possible materials and makes recommendations to the Department for action. The Department has hopes of building a film library and some progress has been made. All in all, the Social Studies Department has, in the past, and will continue to advance a well-rounded program of curriculum for all students.

English teachers set high goals

Teachers of English are usually in agreement with respect to their educational goals. Among these are: helping pupils to act effectively in settings when they must, speak and write acceptably, communicate well, express themselves artistically and judge their own utterances and those of others.

Curriculum study calls to our attention the grotesqueness of the present cluttered English odds and ends, the deadly repetition which permeates the conventional program, the need for a meaningful basis for a curriculum which as a concomitant of good teaching ought to produce in students a pyramidal synthesis of their efforts.

The Tiger News Tribune is printed bi-monthly by a staff recruited from Journalism and English classes. Membership demands excellence in the fields of writing, photography, or business management. The newspaper is a small, partially subsidized business, conducted entirely by students with the help of a faculty adviser. Over a thousand copies are circulated in the school and community and sent to fifty other schools, approximately.

Preparing the Tiger Lore for publication requires many hours of work on the part of the yearbook staff. From the initial planning stages, when layout and write-up policies are decided upon, to the day when the last page has been completed and sent to the printer, the work in preparing the Belleville High School yearbook must be organized and coordinated in every detail.

English courses

Belleville debaters have done a lot of traveling and debating this year all over the state of Michigan. For the first time in the school's history, the debate team has entered and has actively participated in four debate leagues. BHS debaters are one of the four schools in the state to begin a cross examination debate league.

This year the debaters decided to have their own debate uniforms which they wear to every debate. A debate crest for their blazers was designed for them.

Math offers many courses

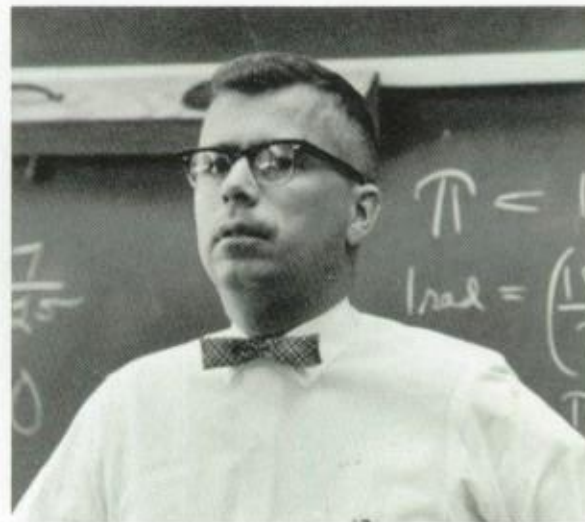

In the modern world a knowledge of mathematics is more important than ever before in our history. The math department hopes to meet this by offering a wide range of courses. At least one year of mathematics is needed to graduate from Belleville High School. We offer a three-tier program to incoming freshmen. To the college bound students we offer Algebra one, which is being taught using the "modern" approach. To the non-college bound students

we offer courses that can help them in later life in the form of general mathematics and basic math.

The senior high school student has the opportunity to take geometry as a sophomore, advanced algebra as a junior and advanced mathematics as a senior. The advanced math course consists of units on solid geometry, trigonometry and analytic geometry, and a brief introduction to the study of the calculus.

Science important to students

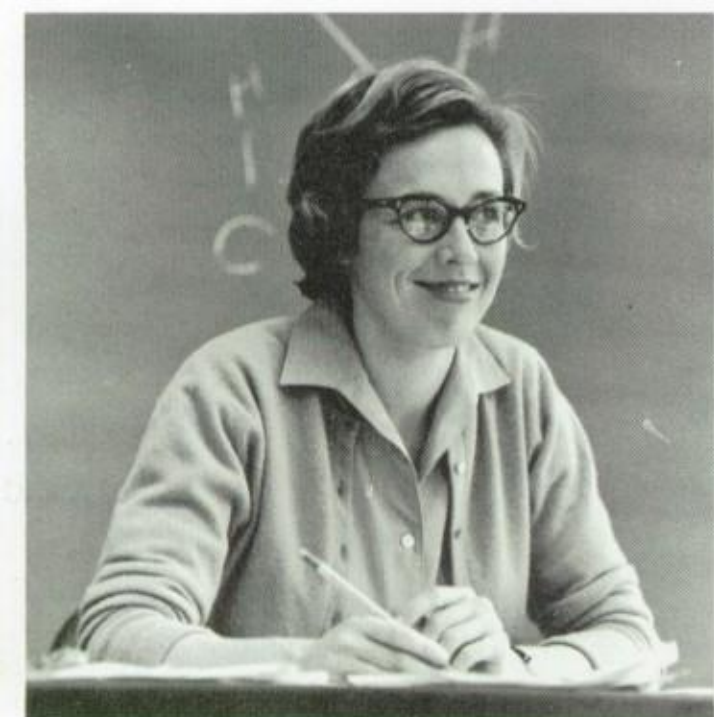

Fred Newstead
Biology, Science

Science in a scientific world is considered very important at Belleville High. Those students who are not planning to follow a career which calls for a science background, can elect two out of four semester subjects in the ninth grade; astronomy, biology, chemistry, or geology. These students wishing to pursue a future in science may be chosen to take tenth grade biology in the ninth grade, chemistry in the tenth grade, and physics in the eleventh grade. This leaves his senior year free to take an advance course of his choice in either physics, chemistry, or biology. Many of our students have been able to enter advance science courses in college in their Freshman year.

Homemaking teaches sewing and

food preparation

Three years of homemaking are offered in the Belleville High School, Homemaking I in the ninth grade, Homemaking II in the tenth grade, and Homemaking III in the eleventh and twelfth grades. This is an elective subject and does give the student, on successful completion of the course, an academic credit.

Some of the phases of the work covered, according to grade level, are meal planning and food preparation, clothing care and construction, study of textiles, room care and home furnishings, food grooming, child care, budgeting and buying, rules of etiquette, entertaining, and careers in Home Economics.

Industrial Arts basis of industry

Industrial Arts is that part of the total educational program which provides for the study of man and industry through participation in typical experiences in industrial processes and techniques. It enriches other instructional fields such as mathematics, science, and the language arts by bringing theory and practice together through illustrations and practical examples which are industrial in nature. To a striking degree an individual's personality is also greatly modified by the dominance of modern industry. It is imperative that every boy and girl shall become intelligent about and effective in dealing with industry and its many products. The industrial arts curriculum is designed to help prepare individuals to meet the requirements of today's culture.

A recent vocational curriculum study by the faculty proposed seven industrial areas to represent contemporary examples of twelve basic industries. General metals, machine shop, wood technology, drafting, electronics-radio, auto mechanics, and graphic arts have been recommended for Belleville High School to prepare students for the needs of our modern society.

background

The foreign language department of Belleville High School consists of six persons, teaching four languages: French, German, Latin, and Spanish. These teachers are using a combination of new and traditional methods of instruction in an attempt to give each student a good background in his chosen language. The members of the foreign language department hope to make language learning an enjoyable and profitable experience for their students.

Art increases interest in culture

The Belleville Art Program is varied. It is not intended that it will produce famous artists, but it is hoped that the student may be introduced to new experiences and new activities. If the quality of the art experience of the students can be high in respect to their own abilities, then their lives will become enriched.

Art education is an experience that enriches and stimulates the individual so that he will appreciate those fine things done in past

and present cultures.

At Belleville we offer a new course of art at each grade level. ART EXPLORATION is the basic art course, a prerequisite for all other art courses. Students learn the language of art and some of the techniques. COMMERCIAL uses the varied art techniques in the commercial world. ADVANCED ART I and II offer an opportunity to study for the various techniques of sculpture, water color, and oil painting.

French horns add to the tone of the band.

THE BELLEVILLE HIGH SCHOOL BAND of 1964-65 officially began the year on a warm day in August when the eighty-eight members arrived at Purdue Limberlost Camp in LaGrange, Indiana. From this week of vigorous exercise and training came such highlights in the marching season as the University of Michigan Band Day, the Hillsdale College Homecoming, and a trip to Kalamazoo to participate in the half-time activities of the Belleville-Kalamazoo game. Thus the 1964 marching season was successfully completed and the 1965 concert season began.

The Christmas Concert was the first appearance of the concert band, followed by the band's annual Mid-Winter Concert. Then such events as the District and State Solo and Ensemble Festivals and the Band and Orchestra Festivals helped to make the contest activities of the band complete.

Orchestra and choir represent

The music program is successful when it serves everybody in our school, both performer and audience. The Orchestra is possible when there is a well-rounded instrumental program which gives the student the opportunity to enjoy music, to develop skills and techniques, to serve and represent the school in public concerts and assemblies, to help develop morale and maintain school spirit, and to develop the personal character traits of leadership, poise, and dependability.

The Glee Club practices one of its favorite songs.

The Senior Choir is a performing vocal group of ninety sopranos, altos, tenors, and basses. The choir not only learns the rudiments of vocal production, but it is also dedicated to doing the finest of choral literature, both sacred and secular. Although the choir has a set series of programs, the concert calendar always has a number of special events to prepare for. These and many other activities create a very busy year for the senior choir.

Drivers' Education helps students

David G. Nieland
Drivers' Education, Cross Country, Reserve Basketball

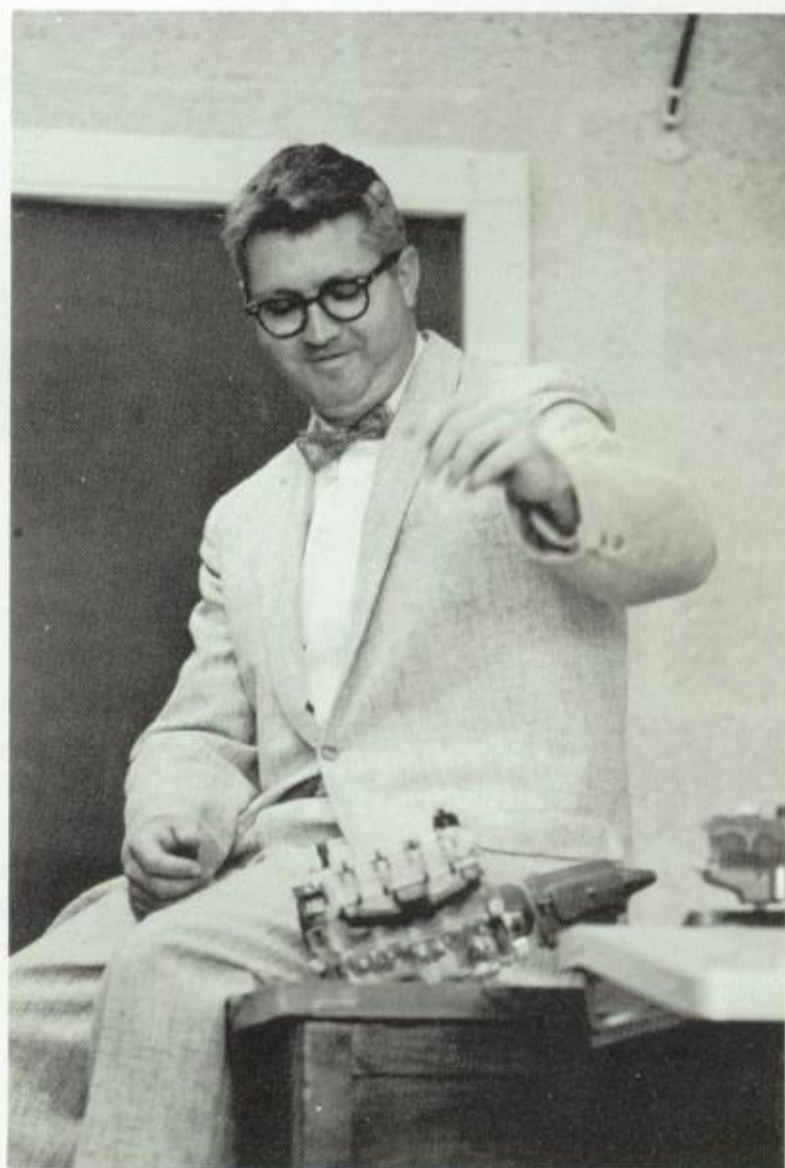

"Don't worry, Mr. Nieland, it's just a little dent!" says Larry Domecik as Desi Bauman looks on.

THE DRIVER EDUCATION COURSE in Belleville High School is established upon the requirements of Public Act No. 1 of the Special Session of 1955 and provides both classroom and behind the wheel education in driving to meet certification standards of the Act of Legislature. It certifies properly qualified students for their drivers' licenses at the age of sixteen and the cost of the program is partly paid by a portion of the Drivers' License Fee.

Classroom work includes a wide area of knowledge intended to provide the beginning driver with information of use in driving which might otherwise require years of experience. Behind the wheel training attempts to give the new driver the basic skills of auto operation.

The program is the newest and one of the most hopeful attempts to improve the traffic situation and make education relate to useful skills in modern life.

School policy administered from offices

Mr. Harold Wetherell,
Superintendent, Van Buren Public Schools

Governing the action of running the high school is the job of the able-minded men who make up the BHS administration. These men are confronted with many never-ending problems which require quick and sound answers. They approve or disapprove every issue that confronts them as representatives of our community. The administrators are answerable for the entire educational program of Belleville High School. Their decisions help determine how subjects are to be taught in our school.

Making up a master schedule and forming individual student schedules are parts of their task. Many teachers, parents and students receive help from the administration when they are burdened with problems.

Belleville is a growing and prosperous community. Through the efforts of the administration of BHS our school continues to grow and operate smoothly.

Secretaries of the Business Office: Marlene Adkins, Carol Dolph, Mildred Artley, Mary Fay.

Secretaries perform various school duties

Secretaries of the Superintendent's office:
Virginia Gielinski, Norma Bastian, Linda Ery.

Our efficient secretaries not only handle the business requests for the school superintendent, principals, and teachers, but also they act as second parents to every student attending Belleville High. They assist in making calls to homes for students unable to complete a full school day, issue thousands of passes, keep a daily report of all absent or tardy students, and perform a host of other details in making every office run efficiently. Everything from typing, shorthand, bookkeeping, and filing is handled by the secretaries.

Mr. John Ford, Principal

Mr. James Coplas, Assistant Principal

Mr. Douglas Brown, Assistant Principal

Secretaries of the High School Office: Betty Oelke, Virginia Turney, Pat Millard.

STUDENT OFFICE ASSISTANTS for the High School Office are outstanding pupils who are chosen to serve during the regular school year. To be selected for this position, a student must have demonstrated personal characteristics of being dependable, reliable, responsible, a conscientious worker, an above average student, an all-around good school citizen, and a person of the highest integrity.

Even though the duties of these students involve routine clerical work, they provide the school with an important, valuable service. At the same time, the individual students are afforded the opportunity to obtain understandings and experiences in an actual office environment.

Student Council sponsors hall

The Student Council is a group composed of three representatives from each class and one representative from each authorized club. The objective of the Council is to help regulate and control student activities and act as a liason between students and administration. The Council has one formal meeting each week in addition to a workshop session which meets daily to do any committee work directed by the Council in the formal session.

The Council has numerous and varied activities. Requests by student organizations are submitted formally to the Council which acts on these requests by either approving them and sending them on to the principal or rejecting them. The Council also sponsors a monitor system and handles minor hall violations. The Council attempts to protect school property and keep the image of the school as high as possible.

Board of Education connects school with town

The Board of Education is elected by the people of the school district. It is their duty to employ administrators, teachers, secretaries, custodians, maintenance workers, cafeteria workers, bus drivers and all the other people it takes to operate a large metropolitan school system. The Board must also see that clean, well-lighted and ventilated buildings are provided and that they are equipped with fine instructional materials so that the best possible education can be provided for the boys and girls of the community. It is also their duty to see that sufficient taxes are raised to support the schools and to see that tax dollars are spent wisely.

Members of the Board of Education deserve high praise from the community. They serve our schools unselfishly and in return receive little or no reward.

Non-teaching personnel help run school smoothly

Hovering over hot ovens to prepare a delicious lunch for the student body and faculty is the main job of the Belleville High School cooks. Ten women make up the kitchen staff this year. These food specialists follow a standard menu planned by the head dietician. The preparation of these tasty dishes is divided up among the cooks. During the lunch period, each cook, whether serving the food, collecting money or washing dishes, helps to run the cafeteria smoothly and properly.

Mrs. Bole
Cafeteria Supervisor

First row: Nelva Watkins, Bertha Potts, Eileen Simkins, Laura Swinton, Leona Falconer. Second row: Rose Mary Traskos, Nora Smith, Grace Kubitskey, Effie Kerbyson.

Mr. Barrett, Maintenance Foreman, Mr. Smith.

Students at Belleville High School may not be fully aware of the importance of the Maintenance Department to our school. Without the staff of able custodians, students would not be greeted each morning by gleaming halls and floors and well-kept classrooms. Our maintenance men see to it that our buildings are kept warm, in good repair, and that all mechanical devices work as they should.

First row: Ann Bondy, Francis Conklin, Head of Custodians, Helen Gasidlo. Second row: Louis Szabo, Albert Straub, Ray Ritter, LeLand Fry, Henry Koski.

Through rain, snow, and beautiful sunshine, the large staff of bus drivers is on the job each day covering many miles in picking up Belleville High School students for school.

These men have a very responsible job in insuring safe delivery of the students to and from school. Alertness on their part is a must and our drivers have an excellent safety records.

This team of hard workers is headed by Mr. Earl Hollar.

First row: S. Miller, G. Smith, H. Fielder, L. Roberts, O. Stoddard, E. Kemp, F. Gorlitz, W. Moncrieff, E. Rose. Second row: C. Bunyea, E. Gladding, C. Hayes, Earl D. Hollar, Director of Transportation, R. Bruce, L. Forman, M. Nelson, E. Roser, G. Santure. Third row: W. Christian, J. Rayl, J. Jasen, B. Smith, H. Smith. Fourth row: R. Gorlitz, W. Davenport, E. Ward, W. Betsinger, T. Fry, V. Templeman, R. Mason, M. Barker, R. Newton.

Seniors

Seniors enjoy snapshots of another land brought to them by one of the foreign exchange students.

*remember tried and trusted
friendships through school years*

Mrs. Linn, our sponsor, takes time out to pose for a picture.

As the class of 1965 entered the halls of B.H.S., they elected Cheri Browning, Jon Hayes, and Daryl Housewright as class representatives. Winning the first place trophy for their Homecoming float was an exciting moment. During their sophomore year they chose class officers and were, for the first time, organized as a class. They sold jewelry; it was a great success. The record-breaking booth was their contribution to the annual Mardi Gras. They were pleased with second place for their Homecoming float. They had a lot of fun organizing their first class dance, Surfer's Hut. They felt important being able to participate in Swing-Out for the first time. They elected officers to represent them in their junior year and began a whirlwind of activities. Three of their classmates; Cheri Browning, Mari Russell, and Dona Wesley were elected to the Homecoming Court. They sold stuffed animals. At the Mardi Gras they came back with the record breaking booth. A lot of time, work, and fun went into their junior prom, Melodies at Twilight. They presented three short plays to add to their treasury. The most heart-warming event of the year was at Swing-Out when they took the title of SENIORS! As Seniors they held their Back to School Dance. Senior Dona Wesley was elected Homecoming Queen with an all senior court. They went to New York and Washington; only to return to the glorious Senior Prom. At last the big day arrived. . . Swing-Out. The atmosphere was "we made it;" yet as they marched up the aisle to receive their diplomas it was "good-bye B.H.S., friends, and fond memories."

United States Government is more vital and meaningful to students if they can practice it through some realistic activity. Many have experienced government through mock activities as the President's Cabinet, Sessions of Congress, Supreme Court Cases, National Convention, and Elections. Problems such as guarding the President, obtaining passage of a bill, violation of the Civil Rights Act, choosing a candidate for President, and election campaigning have been experienced. Good citizenship is not inborn, it comes with knowledge and experience.

Stefan tells of his native land; Sweden.

STEFAN HERRMANN, our exchange student from Sweden, was born in Stockholm on March 12, 1947. As a Senior he participates in United Nations Club, Student Council, Weightlifting Club, Art Club, German Club, French Club, and had a role in the Senior play. His hobbies include painting, photography, tennis, skiing, bowling, traveling and American girls between the ages of fifteen and nineteen.

At the beginning of his Senior year he lived with the MacDonald's, however, he now lives with the William Rekshan's of North Shore Drive. His subjects are French II, American History, speech II, government, International Relations, and Student Council.

When asked for his comments on the United States he stated, "Honestly this year in Belleville has turned out far beyond my wildest dreams. It is no doubt the best year of my life so far."

He is also sponsored by the Michigan Council of Churches Youth for Understanding and will leave the United States on July 28 for Sweden.

Foreigners become friends

"I would need a thousand of your slang words to express what a fantastic year this has been. It is really an experience to live with people of another nationality but it is an experience and a half to live with such cordial, generous, and loveable people. To everybody who has attributed to this wonderful year I want to thank from the bottom of my Americanized heart."

This is the comment JOKE FABER gave about her Senior year in the United States. Joke was born in Rotterdam, Holland, on February 11, 1947. She came to Belleville on August 14 and is living with Mr. and Mrs. Harvey of Lake Point Pass and daughters, Sharon and Chris.

As a Senior she is an active member of Spanish Club, Y-Teens, United Nations Club, and Student Council. In addition to this she played a part in the Senior play. As hobbies she enjoys volleyball, basketball, drawing, skating, bowling, pillow fights, and listening to the Belleville High School Band.

She is taking Spanish, English, speech, drivers education, government, and Student Council. She has not done much traveling yet and is eagerly awaiting the Senior Trip.

The Youth for Understanding of the Michigan Council of Churches sponsors her to the United States and she will leave on July 28 by boat for Holland.

Varsity Squad shows ability,

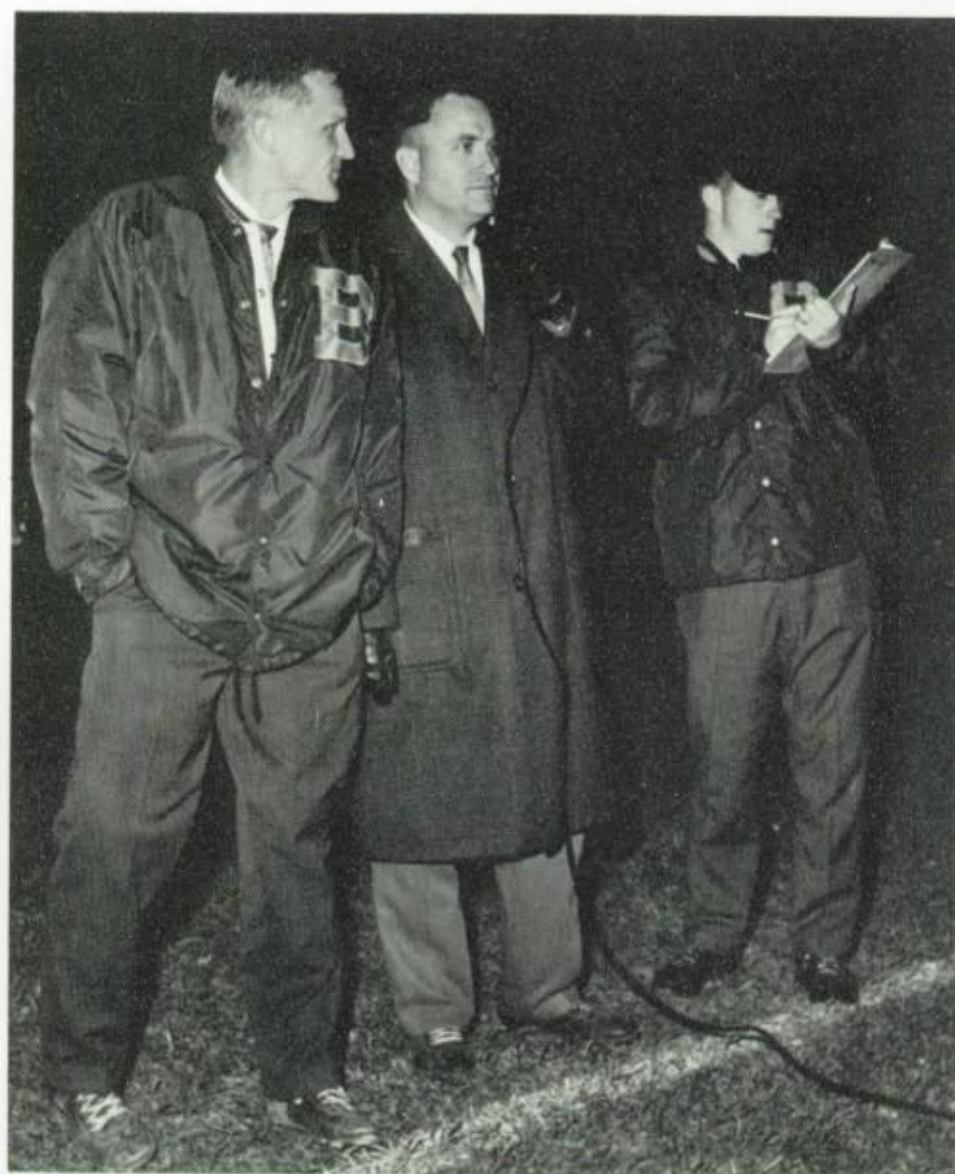

Team faces eventful year

The Belleville Tigers ended a very eventful season with a 4-5 won-loss mark. A third place finish in the league was due to victories over Redford Union and Plymouth with defeats coming at the hands of Bentley, Trenton and Allen Park. Two non-league victories were scored over Wayne and Monroe who was rated 18th in state. One of the high points of the year was the team's trip to Kalamazoo. Although we lost, the team had a great time eating two delicious meals at the famous Win Schullers in Marshall.

The season began under a new head coach, William Leech, and finished with news of Line Coach, Fred DeGraves's moving to take over the head coaching position at Lincoln.

Honor members elected by the team this year were:

Honorary Team Captain	- Ed Andrews
Most Valuable	- George Reck
Most Improved	- Charley Gohl
Leading Tackler	- Mike Barnett

THE 1964 BELLEVILLE RESERVES had a losing season (2-5), but several outstanding football players. The main purpose of a Reserve Team is to provide players for the Varsity Squad. This year several players developed to the point where they could be of great value to the 1965 Varsity Team. They are:

Cross Country has encouraging season

Coach Neiland times Ron Winborn and Jim Medley.

THE CROSS COUNTRY TEAM this year enjoyed their most encouraging season in several years. The final record was three wins and four defeats. The fourth win escaped us when the bus broke down on the expressway. The squad defeated Romulus twice and Ecorse once. In the league meet Belleville finished fifth, despite injuries to two of our regulars.

Over all, the team worked hard and represented Belleville very well. Without a couple of injuries the team might have surprised all of us.

Ed Gray and Ron Jurewicz practice for the important Regional Meet.

The Mighty Belleville Tigers experience tense moments as Carl Cullin gets free shot.

The Tigers started the season with five lettermen: Bill Cabana, Rod Hall, Jim Tingler, Carl Cullin, and Ken LaCross. Cabana and Hall had been starters the year before. Again this year Belleville was only a few steps away from being a real good team. They won four and lost twelve of the games played. Seven of the losses were only by a mere three points or less. Due to bad weather the last game against Plymouth was canceled, leaving Belleville tied for fifth place position with Plymouth. The boys are to be complimented on their fine playing during the season. The fans were always assured of an exciting game whenever or wherever the team played. The following players were presented awards. These outstanding players were chosen by the team. Team Captain: Rod Hall, Most Improved: Jerome Wilkins, Most Valuable Player: Bill Cabana, Leading Rebounders: Rod Hall and Carl Cullin, Leading free throw shooter: Bill Cabana.

Reserve, Freshmen basketball teams

The Reserve team suffered a poor season this year in winning merely two games. These wins were against non-league Romulus and league opponent Redford Union. The main purpose of a Reserve Squad is to make the boys ready for Varsity standards. With the help of Coach David Neiland, the team will be better prepared for the future years of Varsity basketball at Belleville High.

Larry Moore prepares to shoot.

Glen Linderman and Wayne Suttles await rebound along with opposing Allen Park players.

Freshmen watch fellow teammate add to the score.

The Belleville Frosh have lost twelve consecutive games this year, most by lopsided scores. The twelfth game was the nearest smell of victory with the game being decided in the last minute with a deficit score of 37-35. The Tigers have been handicapped by poor execution of fundamentals, mainly passing, catching, and shooting. The team has hustled in most games but have been out-classed by River Rouge and Melvindale. The only scoring punch has been provided by Andy Steinbeck. The rest of the scoring has been shared by the liberal substitution of the twenty squad members. This is probably the tallest freshman squad in Tiger history but also one of the weakest in fundamentals and shooting. Some of the players show some promise but to keep competitive, will need to play ball more often than only during the season. The morale has been surprisingly good in face of a disastrous won-lost record. The boys deserve credit for not becoming quitters, and each defeat has brought new determination to improve.

Thomas, Al Eastman, Jerry Meade, Don Stabneau, and Mr. Palmer.

Tiger Tankers practice hard, show

Bob Renton and Jeff Stabnau prepare for a quick start.

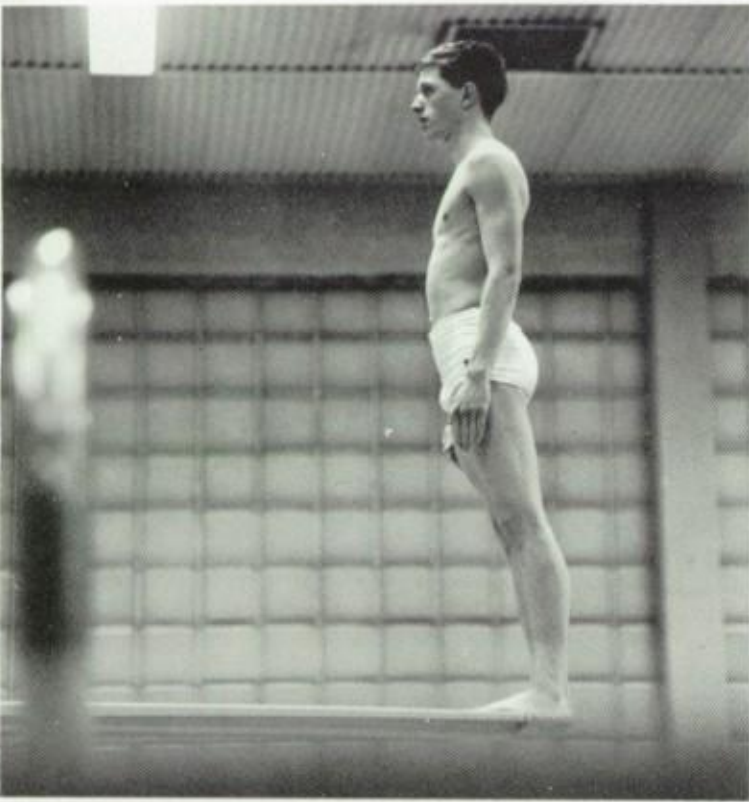

The 1964-1965 Tiger Tankers were probably the finest that Belleville has had. The team worked hard in practice and showed much improvement. The credit not only belongs to the older team members but also to the younger boys who did an excellent job. The sophomore and junior swimmers turned in record setting performances which will be a great asset in the future. Although the team's won-loss record was not the best that has been attained by former teams, the team had one of the finest seasons. Because of the strong underclassmen, Belleville will undoubtedly have more wins and a stronger finish in the league meets as well as the Western Wayne Championship. One of the main reasons for the teams improvement this year is Mr. Brandell who, in the team's opinion, is one of the finest swimming coaches Belleville has had. It would be to the teams greater advantage if more boys would participate in this sport. With more boys out for this sport, Belleville could look forward to even better and stronger teams in the future.

Coach Brandell checks the events schedule as senior swimmer, Don Savage, rests between events.

Time and score keepers are important people at swimming meets. Above, Mary Springer, Sue Fry and Mr. Steiger keep score as Bob Fultz and Mr. Fisher watch a swimming meet.

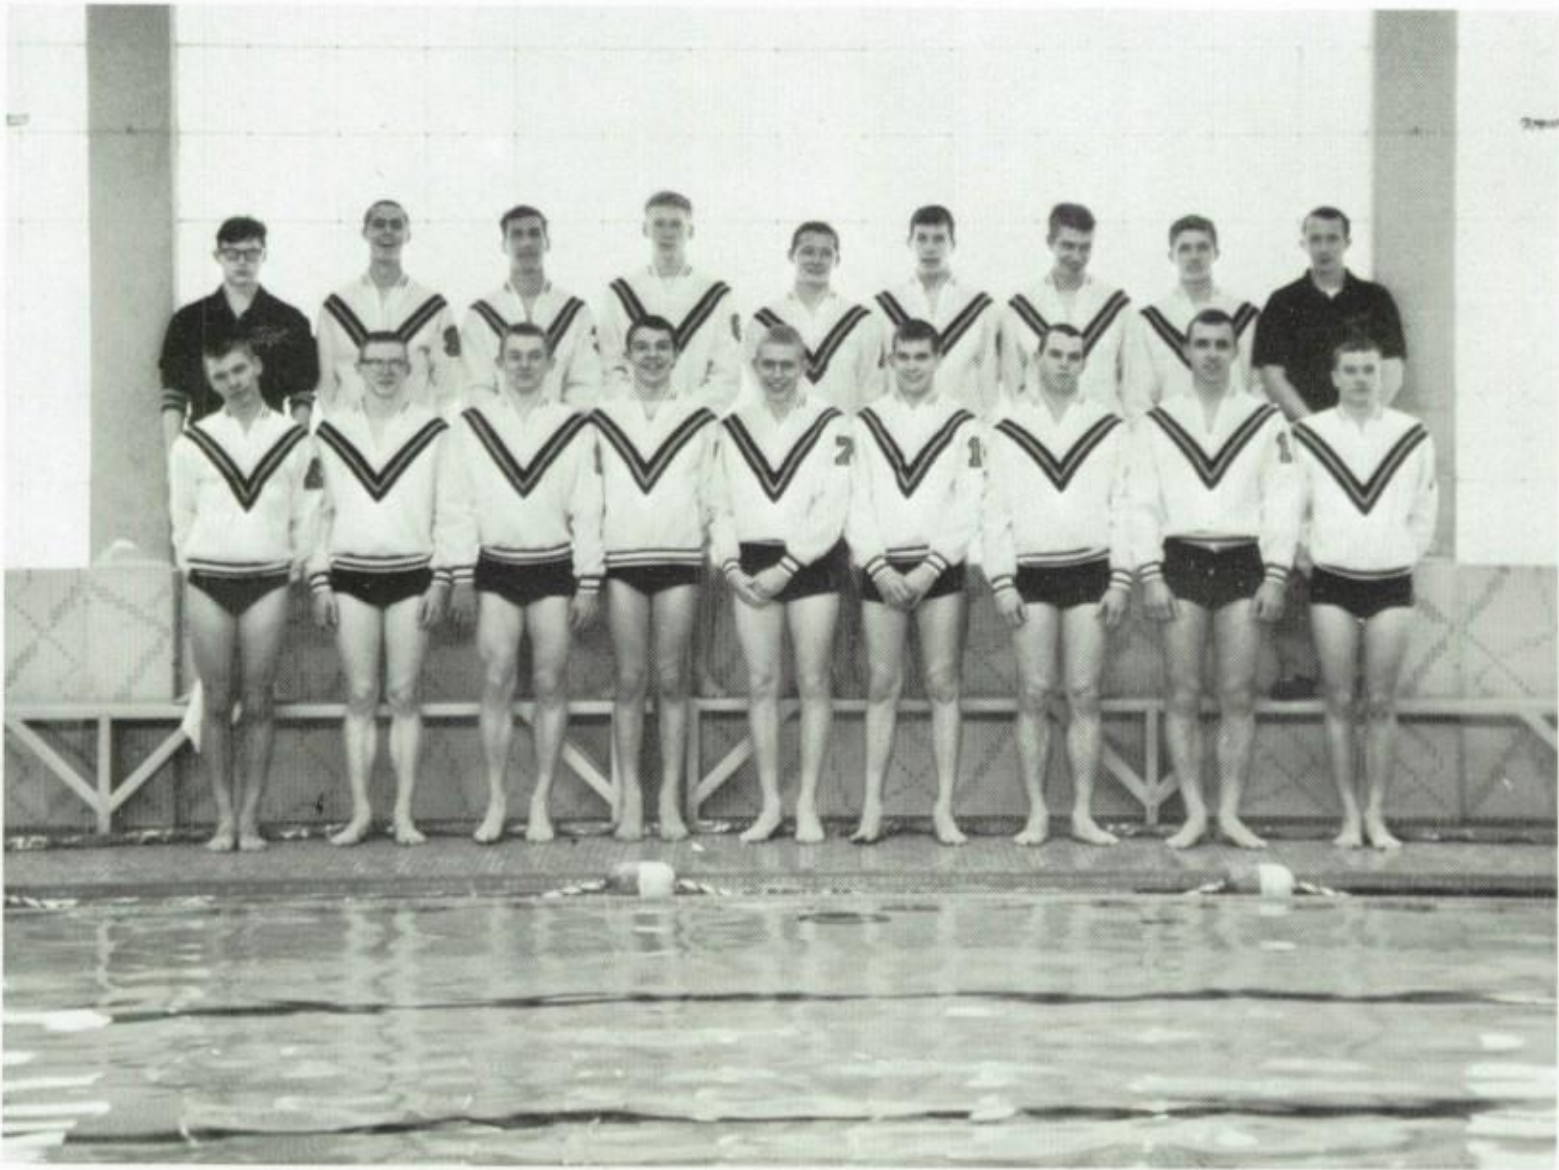

Chuck Walls concentrates on improving his diving.

for better, stronger teams

Although the Reserve team's won-lost record was not as impressive as it could have been, the boys did a fine job in improving their swimming ability and representing their school in good sportsmanship. The times were considerably faster than when the team first began the season and this could only have been accomplished through the boys hard work and desire to improve. In short, they had a very successful season.

Varsity Baseball strives for improved team

Play Ball! This familiar phrase is heard practically every day on the B.H.S. baseball diamond.

The Belleville Tigers play a total of ten league games each spring with games both on the home field and away. Three non-league games are played against Ypsilanti, Romulus and Airport.

Mr. Kaminskis says that his team practices as hard as it plays and this is certainly proved on the diamond at each game.

Composing the main battery this year are Ken LaCross, pitcher, Al Piwenski, catcher, Randy Hall stands by as batter.

First row; Ed Sharpe, Randy Hall, and Bill Ray. Second row; Carl Bolay, Dennis Gilkie, Al Piwenski, Coach Kaminskis, and Ken LaCross.

Randy Hall and Ken LaCross take time out of practice to pose for camera.

Tiger Inclads meet prospective season

This season our Tiger Trackmen put in appearances at the Central, Spartan, Monroe, and Wayne Relays. They also competed in the League and Regional meets. The Running Events our Tiger Inclads participated in were: high and low hurdles, 100, 220, and 440 yard dashes. There was also the 880 and one mile runs with the 880 and one mile relay finishing up. In the field events there is the pole vault, shot put, high jump, and broad jump.

Although spectators are few and the work is extremely hard, our Trackmen deserve all the credit that they can get.

Mr. Kreider, track coach, takes time out for camera shot.

Sportsmanship is main goal of G.A.A.

"To fasten the spirit of good sportsmanship, leadership, health and for the development of leisure time activities." This is the purpose of the G.A.A. as stated in the constitution. In short, they have hours of fun filled activity.

The girls have at least six play days during the year with other Suburban Six schools. They have soccer in the fall, volleyball, basketball, and swimming in the winter and track, field, and softball rounding out the year in the spring.

Varsity Squad; Mary Lynn Nicks, Janice Wesley, Barb McCurdy, and Mari Russell, Diane Hidenfelter, Judy Harrison, Kathi King, and Sandy Smith.

Cheerleaders work hard to obtain

The B.H.S. Cheerleading squad tries hard to achieve their constant goal. This goal is to gain the response of the crowd. The Cheerleaders serve the team and school through their hard work. They not only support the football and basketball teams, but also all other athletic events in both victories and losses. These girls with their everlasting energy conduct several pep assemblies during the school year. They also take charge of the Homecoming snake dance. At the Mardi Gras you can find the Cheerleaders at a cake walk.

The squad is chosen in the spring. Each girl is judged on her ability to cheer, her personality, appearance and scholastic ability. In the summer the group attends a Cheerleading Camp, in preparation for the next year.

Scholarship, Leadership, Character, and Service are the outstanding character traits possessed by each National Honor Society member. The NHS members are initiated at a special assembly attended by their proud parents and the student body. Following the assembly the new members are honored at a tea.

In the spring, the NHS conducts an awards assembly. The club also takes part in the annual Mardi Gras. There is an annual Christmas party held in the Girls' Gym. Previous and current National Honor Society members are invited to attend.

All of the sponsors, Mr. Mourer, Mr. Sawyer, Mr. Lecington, Mrs. Roe, and Mr. Steiger, assist the members with the various activities throughout the year. The sponsors not only assist and guide the members but also participate in the events planned by the club.

Jets' ribbon sales add to treasury

Two active JETS members are Mike Dood and Glen Curtis.

Mr. Mourer is the sponsor of this busy organization.

The Junior Engineering Technical Society was established to stimulate and further the interest in engineering especially in regard to the necessary education. The main activity of the club for the year is the construction of some scientific project. When completed, it is brought to the annual JETS exposition. Every year the members make a trip to a major industrial plant or research center. Attending a professional basketball and hockey game are two other activities that the Jets engage in. Each year the club also has a booth at the Mardi Gras.

The Club is supported financially by the sale of ribbons each week of the high school basketball and football games. The Jets meet every other week.

The United Nations Club of Belleville High School has been in existence since 1954 with its membership increasing from seven to over fifty. There is however room for as many students as there are member nations in the United Nations. Each student in the club represents a different U.N. Nation in the discussion of the years agenda which corresponds to that of the United Nations. Many stimulating discussions have been held.

The highlight of the year is the spring trip to the Model United Nations Assembly (MUNA) which is held at Hillsdale College. Our school is only allowed to send a small delegation and there is a lot of competition for those positions. The club recently became a charter member of the new Michigan High School United Nations Association.

Another important activity of the U.N. Club is to make programs available to local church and civic organizations. Two types of programs are available to these groups: an informative program on the United Nations today. Many organizations have made use of these programs by our students.

Our members also enjoy two social functions each year, a Christmas party and a closing spring party. Different fund raising projects are also carried on by the members in order to cover the variety of activities that make the United Nations Club one of the most popular and profitable clubs in our school.

Mr. Jones keeps the meeting interesting by being the Cuban delegate.

At this U.N. meeting the Apartheid problem in South Africa was discussed.

The purpose of El Circulo Español, or Spanish Club, is to promote interest in the Spanish language and culture.

Some activities of the Spanish Club are presenting skits in Spanish, having a Christmas party complete with a piñata, sampling foreign foods, seeing movies having some connection with Spanish, playing Spanish games, and listening to Spanish records. The club sends CARE packages to countries where Spanish is spoken.

Spanish club members celebrate Christmas with a donkey Piñata.

Mrs. Forsythe has been included in many activities of the German club as their sponsor.

Rick Russell is engrossed in his German Literature.

Creating an interest in the German people and language is the purpose of the German Club. Films are shown and people who have visited Germany come and speak to the club in an effort to fulfill this purpose.

The German Club starts the year out by holding an initiation. Throughout the year they have many activities. Among these are parties, hayrides, and participating in the school's Mardi Gras. Participation in the Language Festival at Eastern Michigan University is the closing of a very interesting year for German Club.

Members become familiar with France

The French Club is available for all students of French. They plan to further familiarize themselves with France and the French people—their customs and national traditions. Whether singing French songs, reading foreign magazines, cooking a native cuisine, viewing color slides, or just conversing in the foreign language, they enjoy themselves at all times. Taking part in the Mardi Gras and dining at a French restaurant in Detroit are two of the special projects they enjoyed this year.

Miss Emily Clark is the new sponsor of the French Club.

Aundree and Sandy find an amusing article in a French magazine.

Mr. Helferich supervises a Latin Club meeting.

Sodalitas Latina, the newly established Latin Club, helps to create the atmosphere of old Rome for the Latin students of BHS. The members of the club want to learn more about the language and the life of our ancestors, the Romans. A Christmas party is enjoyed by all the members. They also take pride in wearing their new sweat shirts. Club members are awarded points for attending meetings and participating in club activities. When a total of twelve points is obtained, a pin is awarded to the student.

Speech members show enthusiasm

Mrs. Tappan jokes with one of her students, Bob Simons.

Phyllis Hancotte and Gloria Price are as ready as they'll ever be for their opponents.

Debaters are organizing their material for another successful debate.

The Speech Club members this year are President—Lillian Dyer, Vice-President and student council representative—Bob Simmons, Secretary—JoAnne Cash, and Treasure—Glenn Curtis.

The Speech Club is composed of students who are interested in all the many areas of speech. Working on a one act play, having a booth in the school's Mardi Gras, having a guest speaker, working on the local speech contest, planning a choral reading and helping present "The Wonderful World of Speech" night for the student body, and the community, are all part of the annual speech activities.

Members enjoy fun

As YWCA Y-Teens members they dedicate themselves to this purpose: "To build a fellowship of women and girls devoted to the task of realizing in our common life those ideals of personal and social living to which we are committed by our faith as Christians. In this endeavor we seek to understand Jesus, to share HIS love for all people, and to grow in the knowledge and love of God.

This YWCA purpose sets for Y-Teens three important goals: First, to grow as a person in Body, Mind and Spirit. Second, to grow in friendship with people of all races, nationalities, and religions. Third, to grow in the knowledge and love of God.

The Y-Teens enlarge in several service projects. At Thanksgiving they bring canned goods and make a basket to give to a needy family in our area. Members also give aid to the sick in the hospitals.

At their meetings they have refreshments and play games. Various speakers also attend their Tuesday assembly.

Mrs. Marge Emerson assists at a meeting.

Future Teachers officers discuss their next meeting.

To provide an opportunity for students to examine the possibilities of teaching and to explore the profession—this is the main purpose of the Future Teachers Association. While working with the Teacher Education and Professional Standards Commission of the Michigan Education Association, the members develop leadership qualities.

The FTA members engage in many profitable and fun-filled activities. The needy benefit through the Christmas project. For six consecutive weeks these future teachers participate in the Cadet Teaching Program in Elementary School. One day out of each week is set aside for when they try their luck at teaching!

Mrs. Miller oversees an F.T.A. meeting.

Sheile Moran and John Preston speak to an interested student about V.C.Y.

V.C.Y., the Voice of Christian Youth, is a club open to all students. There is no definite membership. The club was organized for the purpose of bringing to the light the fact that Christ has the answers that today's teenagers are looking for. The club members become aware of this fact while attending their meetings. Each week the group takes part in a discussion lead by a prominent speaker. The club attends a bi-weekly V.C.Y. rally in Detroit. Voice of Christian Youth is part of Youth for Christ International which extends from Canada to India.

Mr. Garrett De Jong leads V.C.Y. members in various activities.

Students build up Biology Department

Pam Gielencki and Dennis Allion discuss underwater life.

The Biology Club of Belleville High School has been organized for the last six years. Students receiving a B in beginning biology after the first semester are invited to join. The initiation ceremony is preceded by a potluck supper.

The club meets every other Tuesday night and offers a variety of programs. Guest speakers lecture on possible careers in biology. In the past two years, the club has added to its activities a new project—making models and equipment for the biology department. More popular activities are the club field trips.

Miss Nadine Peterson is engrossed in a test paper.

The Brush and Palette Club members are serious art students who work on individual art projects in that area which is of chief interest to them. The group is also ready to be of service to the school in any capacity where art work is needed. Plans for this year included: an initiation party for new members; participation in the Mardi Gras; buying art books with money they have earned and presenting them to the library; a Saturday field trip to an art museum and hanging an art show in the spring.

Club members show artistic talents.

This is strength!

Mr. Kermit Berry oversees a Weightlifting meeting.

Doyle Tarwater, Rod Colts, and Stefan Herrman ate their "cheerios" this morning.

Health, Mortality, and Citizenship are the fundamental aims of the Weight Lifting Club. The club provides athletic activity for the many students who have no part in the varsity competition. These students are taken from the halls and given purpose and guidance for their energy.

An individual program of activity is set up for each individual and closely supervised. Heavier weights are used only as the ability of the individual increases to handle them. No one is permitted to over lift. There is no personal competition, but rather each competes with his past record in a progressive plan.

Membership to this club, which is represented on the School Council, is open to all boys from the 9th through the 12th grades. However, to stay in the club there must be adherence to the spirit and principles of the organization.

First row: Mr. Nieland, Ed Gray, John Hayes, Jim Davis, Dave Mosakawicz. Second row: Leroy Carver, John Wenzel, Ed Sharp, John Thompson, Richard Wiese. Third row: Willie Clark, Bob Nalli, Don Savage,

Boys earn varsity letter

Receiving a varsity "B" is a great thrill for any high school student who participates in the school sports.

The Varsity Club is made up of these boys who have worked hard to earn their letters.

The boys also enjoy a private dance each year. This year the club sponsored a basketball game featuring the "Red Heads," an all woman basketball team.

First row: John Lonskey, Chuck Walls, Jim Tingler, Gary Fant. Second row: Earl Van Valkenburg, Bill Cabana, Carl Cullen, Paul Kress, Joe Papuzynski. Third row: Keith Bruder, Ken LaCross, Pat Harrison, Gary Dubisky, Scott Williams, Carl Bolay, Russ

Girls organize water show

Every fall, four practice swimming sessions are held to teach interested girls the various strokes and stunts used in the try-outs for the Flamingo Club. The members are picked by a point system and up to forty girls may be chosen. The main activity of the club is to plan, organize, and present a watershow in May, complete with costumes, lights, and music. The girls earn their "B" and a swimming pin along with service bars for each year in the club.

Mrs. Ruth Smith is the energetic sponsor of Flamingoes.

Underclassmen prepare themselves for their futures

Gene Turney's interest fades as the hour progresses.

As the day ends the underclassmen hurry on to their homes.

Freshmen begin to prepare their

Student Council Representatives: Margaret Nunley, John Gasidlo, and Sue Bechtel.

As first year high school students the Freshmen's first duty is to choose student council representatives. As soon as this is done, they plunge into their busy exciting year. Every day after school for weeks, the Freshmen gather to work on their first project, the Freshmen float. Their work rewarded, the Freshmen took second place in the Homecoming float contest, with their float featuring a tiger riding a surfboard, entitled "Roll 'Em Under."

As the year goes on, the Freshmen attend pep assemblies and take an active part in school sports. The Freshmen football team was undefeated this year.

The Freshmen show promise of being a great class.

Together or apart, always busy

Sophomore Class Officers: Jay Towar, Treasurer, Sue Hardin, Historian, Frank Hayes, Vice-President, Rick Russel, Student Council Representative, Phil Davis, Student Council Representative, Linda Thompson, Secretary, and Gordy Van Valkenburg, President.

This year busy SOPHOMORES have excelled in social activities. The first project of the Sophomores was the Homecoming float. For the second time in a row, Sophomores won first place in the float contest with the float, "Rock 'Em." The float appeared in the parade with a huge tiger on a rocking chair holding a bulldog in its arms. In front of the rocking chair was a playpen with little bulldogs in it.

Several important projects were taken care of during class meetings. Sophomores changed from the traditional class sweater to class parkas, which are in the class colors, dark green and white. Sophs also chose the emblem which will appear on the parkas. The Class of '67 ordered rings which they received in the spring.

Looking ahead to their Senior trip, Sophomores began early in the year to raise money from various projects. The first such project was a dance called "Tiger Hunt." As their first selling project, the Sophomores sold Valentine candy. Later in the year, the Class of '67 chose to have a Record Break booth for their part in the Mardi Gras. Sophs are kept informed of school and class activities by the class paper called "Paper Tiger," written exclusively by Sophomores on the T.N.T. staff.

Recognition should go to Mr. DeJong, who helped the Class of '67 through their biggest and best year yet.

Juniors

Junior Class Officers: Kathy Frey, Secretary, Cindy Burcoff, Treasurer, Betty Brooks, Student Council Representative, Sandy Basnaw, Historian, Dennis Allion, President, John Wilkerson, Vice-President, and Doyle Tarwater, Student Council Representative.

The energetic Juniors made this year a busy, swinging one. Working together as a unit, Juniors helped not only each other and their own class, but the school as a whole.

Looking toward the future, and their Senior trip, the Juniors sold Christmas wrappings and cards, and later in the year they sold various types of candy. Working together as a class, Juniors chose for their booth at the Mardi Gras a Sponge Throw.

Juniors anxiously awaited their first prom. The theme of the prom was "Moments to Remember," and they certainly were. The prom turned out to be one of the highlights of the school year.

The Juniors put on their first class play, Thunder on Sycamore Street. Thanks to the hard work of all involved, the Junior play was a huge success.

For days, the school halls were plastered with signs, slogans, and campaign posters announcing candidates for Student Council President and Senior Class officers.

It is obvious that the Juniors are an up-and-coming class, and worthy of credit.

Junior Prom and Play:

This year's Junior Prom was entitled Moments to Remember, and they certainly were. Juniors danced to the soft music of Art Bartner and His Band throughout the evening, and talked the night through.

The prom decorations were in blue and white, our class colors, with revolving lights setting off sparkles through the dimly lit room.

The traditional Grand March was led by Dennis Allion, class president, and his date, followed by the other Junior officers and their dates.

The beautiful evening ended all too soon for everyone, but all left knowing that this prom certainly had "Moments to Remember."

Teens dance to the tune of Moments to Remember.

Juniors stand silhouetted against the mellowed lights.

Janna Wolters and Tom McCartney pose for their prom picture.

Highlights of our year

The Class of '66 presented Thunder on Sycamore Street for their Junior Play. The play concerned a modern-day problem. An ex-convict, his wife, and teenage daughter move to Sycamore Street, against the wishes of the neighbors, who refused to acknowledge them, or even try to understand them. Finally, fear and ignorance rise to hate, as the neighbors organize themselves into a mob and march on the innocent man and his family, to throw them out. The story illustrates a problem common to all of us, that of refusing to understand or trust.

The play was produced on April 2nd and 3rd, and was a huge success. Special thanks go to Miss Kay Baughman, Director, Barb McCurdy, Student Director, and all those who worked on various crews and activities.

Friends and neighbors gather in the Morrison's living room to talk about their new neighbors.

Jeff Currier stands deep in thought as Marj Savage reprimands Gayle Toth for running away.

Financing
a College
Education
through
National
Bank of
Detroit 

Concerned about the cost of college?

◊ This will help.

If you are planning to go to college, this folder is "must" reading for you and your parents. It has a checklist of personal expenses to help you plan your college budget. And it tells how National Bank of Detroit's College Loan Plan can provide money for up to four years of college with as long as six years to repay in monthly instalments.

To get your copy of "Financing a College Education," call WO 5-6000 and ask for "College Plan" or write . . .

Sharon: Always remember the good
 (and bad) times we've had together. Always
 remember that great homeroom. Keep
 all your talents and good
 looks.

GOOD LUCK SENIORS

P.S. Never forget
 (Gary) and other
 boys.

Acknowledgements

The Yearbook Staff would like to express appreciation to all the people who have aided in the production of the 1964-65 Tiger Lore:

To Mr. Harry Stuhldreher of Edwards Brothers, Inc., Ann Arbor, Mich., for his assistance in getting the book ready for printing

To Irving Lloyd, Belleville, Michigan, for candid photography

To Bob Taylor of all State Photo Co. for underclass photography

To Kahler Photographic of Detroit, Mich. for senior photography

To the faculty, especially club sponsors and coaches, for their suggestions and assistance

To the advertisers for their patronage

To the student body of BHS for its enthusiasm and support

And to Miss Kay Baughman, our advisor, we would like to extend our deepest gratitude. She taught us many new techniques which we have applied in this year's book. Her patience and assistance will always be remembered. We will all miss her in her absence next year.

Sharon,
I'm one of
the nuttost ~~guy~~ guys
I know - I guess I
said guys - I guess I
all mixed up tonight I
I'll never forget all the
letters you wrote - I could never
read them. I know you could
never read mine. But that's
well I wish you all the best
in the world - (hoping you'll need it).
~~him~~ because someone like you ^{HA} deserves it.
See ya for -67-

Sharon,
To a real nice
girl who I had
pleasure of meet-
ing in B.A.A. Best of luck
in the future and
may God Bless you Kathleen
K. Bobb

Sharon
A small gal
Remember every thing
we've done together
Best of luck in
future
God bless you
K. Bobb

Sharon
to a real nice girl and a
sweet one. If you weren't
my math + civics class it
wouldn't be the same. I hope
I pray you will come to
Christ. May God bless
you!
James Walker
John 3:16

"68"

Sharon,
You're a real cool
kid. Remember
G.A.A. and all the
fun we had. May
you always have a
bright future
Best of luck always
Lis
"66"

Sharon,
Keep up your good work
in G.A.A. and in school.
Best of luck always
Sherry Renton

Sharon.
I'm the first to
write on this page.
(twice huh!) Be good
always + stay the
same as you are.
Remember 1st Grade
I do.
How could we
forget. See & Love Ya
Kae

Sharon,
The very best of
everything to you
for being such a
sweet and sincere
person. Be good
and don't let the
G.A.A. fall to pieces.
Mary Jane Michineing
